Summit Key Topics Include:

- Power Hub: Provisioning Broadband Networks Developed, Emerging and Rural Regions
- Efficient Fiber-To-The-Home (FTTH) Deployment
- Choosing the Right Infrastructure for IoT Deployment
- Analytics Redefined: Business Models that Monetises Big Data
- Next Generation Access and Connected Homes: Making Smart Cities a Reality
- The Global Panel: Identifying and Overcoming the Barriers for Cross-Border Trade
- Harnessing Smart Delivery: Building Brand Reliability through Flexible, Fast and Efficient Delivery Logistics Platforms
- Cybersecurity and Risk Management in the Digital Economy
- Bricks and Clicks Panel: Acquire, Convert and Retain Your Clients
- Riding the Revolution of E-Payments and Transaction Management
Welcome to Indonesia ICT Summit 2016

Dear industry colleague,

Indonesia ICT Summit 2016, Indonesia’s first and largest conference hosted by Mastel, is a global gathering of the world’s leading thinkers and doers in innovations and technology. It’s a gathering of the planet’s businesses, large and small, who are being impacted by new innovations to want to meet the demands of the market.

In our fast-growing global information society, the ICT industry is swarming with new and exciting technologies every day that are revolutionising the way we do business. With the convergence of telecommunications and broadcast, big data, OTT, IoT, digitalisation all coming into play, carriers, broadcasters, service providers and enterprises can no longer risk overlooking these major technological shifts.

All organisations have to start to re-strategise their plans on how to seize these exciting opportunities created by these trends. For 2016, over 500 attendees will make the trip from all corners of the globe to hear from 80+ key industry thought leaders who will deliver the strategies and knowledge you’re looking for to succeed in the Indonesia market.

Join Us!

Hesitate no more, gather your team and meet with business leaders and key representatives at Indonesia ICT Summit 2016 from 31 August – 1 September at Jakarta International Expo, Kemayoran.

See you this August in Jakarta, Indonesia!

Warm Regards,
Ir Kristiono
Chairman
Masyarakat Telematika Indonesia (Mastel)

Why you should attend?

► Tailor solutions and innovative ideas for your businesses in a programme that combines strategic, technical and operational concerns
► Attend Asia’s largest and most happening ICT event that gathers leading telecom operators, end-users, enterprises, government and agencies
► Gain implementable solutions from companies that are making headlines! The only event in the region to feature best practices, invaluable discussions and insightful sessions – showcases, case studies, panel discussions, and workshops - this is not to be missed!
► Network with your peers and expand your reach - Listen to 100+ highly sought after speakers, and senior industry practitioners at the summit

SAVE THE DATE!
The top players in the ICT industry are convening at Indonesia ICT Summit from 31 August – 1 September 2016, at the Jakarta International Expo (Kemayoran)!

For Speaking Opportunities
Please contact Mavis Yong at mavis.yong@sesallworld.com

For Summit Enquiry and Registration
Please call +6221 2525 320 or email maureen@pamerindo.com

Register before 27 August 2016 to save up to IDR 2,700,000
For summit enquiry and registration please call +6221 2525 320 or email maureen@pamerindo.com

Conference Day 1: Wednesday, 31 Aug 2016

MORNING PLENARY
(Open to all conference Delegates)

Government Opening Keynote

Thought Leaders Dialogue:
Facing Convergence in the Market Place – Identifying the Opportunities and Threats for Telcos, Broadcasters and OTT Operators

Building a Better Connected World with Digital Acceleration

Closing Plenary:
Driving Digital Economy Innovations in Indonesia’s ICT and Broadcast Landscapes

Track : Broadband & IoT
► LTE: Moving from Deployment to Monetisation
► Power Hub: Provisioning Broadband Networks in Asia
► How Can Fiber Access Networks Bring Economic Benefits to the Region, Cities and Rural Areas?
► Panel Discussion: Calling for Efficient Spectrum Allocation for Greater Harmonisation and Utilisation
► Efficient Fiber-To-The-Home (FTTH) Deployment – Identifying the Latest Trends, Methodologies and Solutions
► Closing Power Dialogue: Enhancing Broadband, Fixed Network and Innovation for Effective Rural 3G/4G Deployments

Track : E-Commerce
► The Indonesian e-Commerce Roadmap – Market Developments, Investment Opportunities and Future Disruption Challenges
► Acquire, Convert and Retain Your Clients
► Cybersecurity in the E-Marketplace: Boosting User Confidence and Providing A Safe and Secure Online Shopping Experience
► Evaluating the E-Commerce Investment Options and Opportunities in Indonesia
► Evolving the Engagement Platform into a Revenue Generator
► Key Success Factors and E-Commerce Strategies to Align and Stay Ahead with the Digital Economy Evolution

Conference Day 2 : Thursday, 1 September 2016

MORNING PLENARY
(Open to all conference Delegates)

Opening Keynote:
Connectivity and E-Commerce in the Indonesia Market – Establishing the Needed Infrastructure to Create Accessibility and Open Up Opportunities

Cyber Security, Data Privacy and Data Sovereignty

Panel Discussion:
How Does OTT Bring Key-Monetising Opportunities for Operators and Broadcasters?

Track : Broadband & IoT
► Making Smart Cities a Reality
► How IoT Improves ROI of Your Biz – 30 Global Use Case Studies
► Choosing the Right Infrastructure for IoT Deployment
► Interactive Panel: Where is the Money in the IoT? Where is the Biggest Opportunity?
► Analytics Redefined: Using IoT to Successfully Monetize Big Data
► Closing Power Dialogue: Communication Convergence and Integration – Realising The Benefits Next generation Broadband, IoT and Big Data

Track : E-Commerce
► Analysing Risks in Unsecured Micro-lending in Emerging Markets
► Increasing Your Relevance to the Customer through Big Data analytics and Data Connectivity
► Overcoming the Barriers for Cross-Border Trade and What does the Future Hold?
► Flexible, Fast and Efficient Delivery Logistics Platforms for Online Shoppers the Future
► Riding the Revolution of E-Payments and Transaction Managements
► Bridging the Gap of Connectivity and IoT to Transform E-Commerce – What lies ahead of us?
Day 1 - Wednesday, 31 August 2016

8.00am Registration

9.00am Chairman’s Welcome Address
Welcome Introduction of H.E. Jusuf Kalla, Vice President, Republic of Indonesia
Neneng Goenadi, Country Managing Director, Accenture Indonesia

9.10am Government Opening Keynote
- Clearing the critical obstacles and challenges in delivering seamless connectivity and media broadcasting
- Moulding Indonesia as a digital economy through total connectivity
- Indonesia’s masterplan and roadmap towards the year 2030
H.E. Rudiantara, Minister of Communications and Information Technology, Republic of Indonesia

9.30am Official Launching Ceremony
Jusuf Kalla, H.E. Rudiantara and Ir. Kristiono

9.40am Morning Break and Refreshment

10.10am Thought Leaders Dialogue: Facing Convergence in the Market Place
- How is competition making the telco and broadcaster partnerships more attractive?
- How can everyone work together to enhance customer experience and driving eyeballs?
- How does digital disruption change the equation for the industry?
Panellists:
Alex J. Sinaga, CEO, PT Telekomunikasi Indonesia
Alexander Rusli, CEO, Indosat Ooredoo
Devid Gubiani, Managing Director, PT. Internux – BOLT
Cam Walker, CEO, iflix Indonesia
Barry Lerner, CIO, Solutions Marketing Department, Huawei
Sutanto Hartono, CEO, PT Surya Citra Media Tbk (SCM)
Moderator
Thomas Jul, CEO & Head of Indonesia and Timor Leste, Ericsson

11.00am Building a Better Connected World with Digital Acceleration
Barry Lerner, CIO, Solutions Marketing Department, Huawei

11.30am Closing Plenary: Driving Digital Economy Innovations in Indonesia's ICT and Broadcast Landscapes
- Addressing the right fundamentals to drive the ICT and broadband arena - Funding, tax, consumer protection, communication infrastructure, logistics, education and human resources
- Catering for robust infrastructure, firming up regulations and drawing out proper planning
- Making pervasive digital integration a core activity rather than functional implementations
Ir Kristiono, Chairman, Masyarakat Telematika Indonesia (MASTEL)

12.00pm Networking Lunch

Day 2 - Thursday, 1 September 2016

8.00am Registration

9.00am Chairman’s Welcome Address
Reuben Verghese, Managing Director, Diagnal

9.10am Opening Keynote: Connectivity and E-Commerce in the Indonesia Market – Establishing the Needed Infrastructure to Create Accessibility and Open Up Opportunities
- Developing the right digital infrastructure to provide for internet connectivity to connect the remaining 70% of unconnected population and digitalising the nation
- Realising The Third Platform – Integrating and harmonising connectivity towards economic sustainability
- Pushing forward with the national broadband plan to drive Indonesia’s Digital Economy – connecting 49% of households and 52% of mobile phones by 2019
H.E Enggartiasto Lukito, Minister of Trade, Republic of Indonesia

9.30am Cyber Security, Data Privacy and Data Sovereignty
- Evolving challenges in cyber security, privacy and data sovereignty
- Developing an effective national and enterprise-level strategy to address challenges
- Balancing need for innovation with concerns
